SELECTED EXPERIENCE

Machine Learning Engineer · Freelance, USA · Feb 2024-Present

- Designed and deploy 10+ end-to-end Machine Learning and Quantitative Analytics projects, showcased on [GitHub Portfolio](#), achieving high accuracy and efficiency tailored to projects requirements.
- Adapted and integrated state-of-the-art Machine Learning algorithms for predictive analysis in finance forecasting and anomaly detection, computational chemistry, wine quality prediction, biomedical research, image classification and clustering, reducing model training time by 40% through hyperparameter tuning.
- Automated data preprocessing pipelines using Python, reducing manual effort by 90% , improving scalability for large datasets.

Postdoctoral Research Scientist · Vanderbilt University, USA · Feb 2023-Jan 2024

- Designed, developed, and implemented Machine Learning projects, including deep learning models predicting physical-chemistry observables with over 85% accuracy, culminating in 1 publication.
- Led computational chemistry simulations and developed Python scripts to automate data collection, and data cleaning processes, reducing a 80% of processing time.

Doctoral Research Scientist · University of Bremen, Germany · Oct 2018-Dec 2022

- Led all aspects of 3 multi-year research projects, resulting in 4 publications and developed data science solutions resulting in a 50% reduction of processing time.
- Directed data modeling and advanced simulations for computational chemistry, delivering insights in 10+ talks at scientific meetings. Built and led interdisciplinary teams, fostering collaborations across five countries (Germany, Spain, China, USA, and France)
- Collaborated on the development of Deep Learning models for AI applications in Chemistry.

EDUCATION

Ph.D. in Physics (Dr. rer. nat.) · 2022 · University of Bremen, Germany

B.Sc. in Radiochemistry · 2014 · InSTEC, Cuba

SKILLS

- Machine Learning • Deep Learning • Data Science • Statistical Analysis
- Quantitative Analytics • Python Programming • Project Management • Communication
- Computational and Theoretical Chemistry

CERTIFICATIONS

- **Machine Learning Specialization** by Stanford University & DeepLearning.AI on Coursera.
- **AI for Everyone** by Stanford University & DeepLearning.AI on Coursera.
- **ChatGPT Prompt Engineering for Developers** by DeepLearning.AI on Coursera.
- **Machine Learning Crash Course** offered by Google
